## Hello Children

Last week we closed school for most of you which was very strange and difficult. I would like to say how proud I was of you all and the way you rose to the challenge. You coped with it all calmly and really supported your, very busy, teachers.

Well done class 3 for enjoying the residential and behaving well.

This is the first week of your home learning. This week and next you have a paper pack but after that you will find your week's learning on the website. Remember it is very important you do this learning—you are not on holiday!

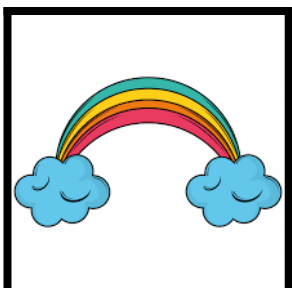

### Saying of the week:

**'Whatever you do, do it well.'**  
**Walt Disney**

### Joke of the week:

**What did the big flower say to the little flower**

**Hi, Bud!**

### Some top tips:

1. Pace your work throughout the week, it's not a race!
2. Don't rush, aim for your best.
3. Don't worry if you make a mistake that is how we learn but remember to ask if you need help.
4. Take regular breaks (but not with too many sweets!)
5. Limit your screen time and take some exercise, **and have some fun!!!**

Storytime!

Free stories for kids of all ages

<https://stories.audible.com/>

If you haven't done already how about drawing a great picture to put in the window of your house?

Let's decorate our world!

Goodbye, until next week  
from Mrs Litchfield
